COMPLIANCE FINDINGS

Issues identified during AI-assisted review of the submitted offer packet. All findings must be reviewed and resolved by the responsible licensed professional before submission to escrow.

[RED] Seller Name Discrepancy on AAA Form

Issue: The Additional Agent Acknowledgement (C.A.R. Form AAA, Rev. 12/25) lists the Seller as "Brian Ibarra Gonzalez & Jennifer S. Gonzalez." All other forms in this packet — including the RPA and FVAC — identify Sellers as "Julio Rubi Guadarrama & Murillo Cecilia Rodriguez." The AAA contains party names from a completely different transaction.

Why it matters: A form referencing wrong parties cannot legally bind those parties or be incorporated into this agreement. This creates a contractual gap and potential DRE liability for the listing brokerage. Submitting this packet to escrow in its current state could invalidate the acknowledgement and expose both agents to a compliance complaint.

Action: *Re-execute the AAA immediately with the correct seller names. Do NOT present this offer packet to the listing agent or escrow until corrected.*

[MEDIUM] Pre-Approval Letter Purchase Price Mismatch

Issue: The TruView QuikClose™ approval letter (dated March 5, 2026) states a purchase price of $550,000. The actual offer price is $529,900 — a $20,100 discrepancy.

Why it matters: Listing agents cross-reference pre-approval letters against offer terms. A price mismatch raises unnecessary doubt about qualification even though buyers are approved for more, and can weaken the offer's competitive standing.

Action: *Request an updated letter from Kelly Koeneke at TruView reflecting exactly $529,900. The QuikClose™ underwriting is complete — this should be a quick update.*

[MEDIUM] Liquidated Damages (¶29) — Initials Not Confirmed

Issue: RPA Paragraph 29 requires initials from all Buyer and Seller parties to be enforceable. The extracted document shows placeholder markers but does not confirm execution by all four parties.

Why it matters: Without mutual initials, the liquidated damages clause is unenforceable. The seller's remedy upon buyer default would revert to actual damages — significantly harder to pursue. The 3% cap protection for buyers also requires proper initiation.

Action: *Verify on the Authentisign envelope that ¶29 is initialed by Robert Latona, Brittany Latona, and all Seller parties. If missing, cure via amendment before COE.*

[MEDIUM] PRBS Form Referenced But Not Present in Packet

Issue: RPA Paragraph 2D is checked confirming receipt of the PRBS disclosure (C.A.R. Form PRBS — "Possible Representation of More Than One Buyer or Seller"). This form is not included in the submitted packet.

Why it matters: Checking the box without the signed form creates an audit gap. In a DRE review or dispute, the brokerage must produce the signed disclosure.

Action: *Confirm PRBS was separately delivered and signed by both parties. If not, obtain signatures and add to the transaction file promptly.*

[MEDIUM] ABA Form Referenced But Not Attached

Issue: RPA Paragraph 2C states "More than one Brokerage represents Seller, Buyer" and references the Additional Broker Acknowledgement (C.A.R. Form ABA). This form is absent from the submitted packet.

Why it matters: If multiple brokerages are involved for either side, the ABA must be executed to establish proper acknowledgement and compensation structure on file.

Action: *Confirm whether multiple brokerage firms represent Buyer or Seller. If so, execute ABA and attach. If the reference was checked in error, note it in the file.*

[PASS] FRR-PA (FinCEN Federal Reporting) — Correctly Included

Note: *Federal Reporting Requirement Purchase Addendum (C.A.R. Form FRR-PA, 10/25) is present and correctly applied. FinCEN reporting requirements took effect March 1, 2026. Required for this offer dated March 11, 2026. ✓*

[PASS] FHA Forms (FVAC + HID) — Current and Correctly Bundled

Note: *FHA/VA Amendatory Clause (FVAC, Rev. 6/25) correctly reflects $529,900. The required FHA Home Inspection Disclosure (HID, Rev. 12/23) is bundled with it. Both forms are present, current, and properly signed. ✓*

[PASS] Agency Disclosure and Confirmation — Compliant

Note: *Agency confirmed both sides: Maxielis Merchan Sangronis / Prado Realty Group (Seller); Willie Mebane / KW Empire Estates (Buyer). AD form (12/24) present. No dual agency. Multiple KW agents noted on AAA — pending name correction per Flag #1. ✓*

BUYER FINANCIAL ASSESSMENT

Close Timeline	As fast as 20 days from contract (per QuikClose™ commitment)

Assessment: Buyer financial profile is STRONG for this transaction. Verified liquid assets of ~$80K far exceed the ~$18.5K down payment, even before the $15,897 seller credit substantially offsets closing costs. The fully underwritten QuikClose™ approval eliminates typical financing risk and supports a competitive 20-day close — a meaningful selling point for the listing side.
